CERTIFIED

Computer Programming, Advanced

Issued to: Cole Flory

Date issued: 5/18/2026

Industry Recognition – Employers, Organizations, Sponsors

These and other local and national employers, industry organizations, and business sponsors value the knowledge and skills demonstrated by earning this certification.

Certified Industry Skills and Knowledge

This certification verifies the candidate has successfully achieved the following industry competencies:

Students will develop applications which make advanced use of the skills and concepts developed in computer programming I & II.

Students will use searching and sorting algorithms.

Students will utilize multidimensional arrays.

Students will properly employ dynamic data structures/abstract data types (ADTs).

Students will design and implement advanced objected oriented concepts.

Students will use Unified Modeling Language (UML) to design object-oriented programs.
