**CERTIFIED**

# Computer Programming 2 Python

Issued to: Cole Flory

Date issued: 5/22/2026

## Industry Recognition – Employers, Organizations, Sponsors

These and other local and national employers, industry organizations, and business sponsors value the knowledge and skills demonstrated by earning this certification.

## Certified Industry Skills and Knowledge

This certification verifies the candidate has successfully achieved the following industry competencies:

Students will demonstrate static (array), dynamic (vector, Arraylist, etc .) list structures, and strings.

Students will properly use sequential files.

Create user defined functions using top-down design and functional decomposition.

Students will properly demonstrate object-oriented programming techniques.

Students will properly demonstrate code comprehension and debugging techniques.

Students will apply appropriate programming skills as an effective member of a team demonstrating the ability to collaborate with others ([www.p21.org](http://www.p21.org)).

Students will be aware of career opportunities in the Computer Programming/Software Engineering industry and of its history.
